APPLICANTS' INTERVIEW SUMMARY

Dear Sir:

Applicants wish to correct the record with following remarks.

REMARKS

A relatively brief exchange of telephone discussions took place between Applicants' representative, Gideon Gimlan and SPE David Nelms on November 29, 2005 regarding the above-captioned application. Applicants' representative called the SPE to request supervisory intervention complaining that a new ground of rejection was being provided by way of the advisory action and that this is wholly unfair. Shortly thereafter SPE David Nelms called back to indicate that Applicants were "absolutely correct" and that the final rejection will be removed and a new non-final office action with clearly spelled out grounds of rejection, if any, will be provided.

I hereby certify that this correspondence is being deposited with the United States Postal Service as First Class Mail in an envelope addressed to: Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450, on January 4, 2006.
